### ACTION AROUND VISIT OF PRESIDENT CARTER TO CHICAGO

At its Meeting on March 29th, the Steve Biko Memorial Committee of Chicago agreed to take action in connection with the visit of President Jimmy Carter to Chicago on Thursday May 25th.

The Committee agreed to address an open letter to President Carter calling on him to take a stronger stand against apartheid South Africa and to cut off all diplomatic, political, economic and cultural links with the racist Pretoria regime.

The Committee also agreed to mount a picket/demonstration outside the Conrad Hilton Hotel in support of the request in the open letter on the night of May 25th and to call on other organizations to support our call to the President.
