9-10 October - Latest word is that the delegation will visit
Arizona

11-14 October - In New York City. No known engagements, but
without doubt there will be an attempt to have
the delegation visit the United Nations. This
will present a diplomatic problem there. This
occasion may well be the setting for the South
African ambassador to the U.N. (and the USA)
R.F. "Pik" Botha to try to claim South Africa's
seat in the General Assembly.
