

## MACSA & other organizations:

1st Congregational Church Ad Hoc Comm. on S'n Africa: MACSA people helped it start. many of its members are on our mailing list (see their cards in file)  
Trying to help raise the issue using slide/tape show in churches etc.  
Should be urged to co-operate on specific projects:

Mary Nack - 2330729 - UCC/Presby Soc. Act. grp for state  
also many local contacts

Irene Ilgen - 233-6340 - 1st. cong. grp

Nancy Fowlkes - 221-0700 - 1st cong. grp

George Shands - 238-8559 - 1st cong. grp/also E. High Sch. teacher

June Forsyth - 274-0323 - 1st cong. grp - also church women united

West Side Presbyterian ad hoc committee on S'n Africa: MACSA people (Wileys) helped start. Many of its members on our mailing list. Brian Todd active in both MACSA and this group. Joins 1st cong. grp in use of slide/tape to reach churches.

Arthur Dodd - 238-2178 - can speak on S. Africa - is engineer -  
was there - is against U.S. business involvement

Dennis & Eliza Dresang - 271-8169 - he also is willing to speak  
was in Zambia I think -

Tom Kurtz - very interested - currently out of country - check lat

Carl Lawrence - Dale Hgts Presby - 233-5653

Julie Madden - Westmenster Presby - 233-5879

Ed Daub - Covenant Presby - 271-4291

Mary Hunt - Christ Presby - 233-4980

Corporate Investigative Action - MACSA has been a member - needed someone to be  
MACSA representative to that group - CALA also a member - Steve Smith  
has been our representative as corvenor of anti-corporate committee of  
MACSA

CALA - have invited our co-sponsorship of an evening of Africa film once each semester  
are with us in NAAIC and Corp.Invest.Act.  
contacts: Tom Sinks or Al Gedicks

Afro-American Community Services Center: have co-sponsored events with us, interested  
in anti-corporate things, things related to university involvements, should  
be in on planning of any major campaign or events,

- paper, Black Voice, should be given information well in advance of  
any event for coverage to their constituency

- Kwame Salter, director, is interested. Gloria Waite was appointed  
liaison with MACSA in 1972-3. Gone now. Should ask for similar specific  
appointment next year. Otherwise, work with Center's program director.  
Will need to find out who the new one is.

Afro-American Studies Department: have co-sponsored events with us. Chairman,  
Findley Campbell is quite interested. Be sure they have publicity on all events.

African Language & Literature Department: have co-sponsored events with us. Profs.  
Makward, Kunene, Skinner all interested. Kuse also in dept. Be sure they  
have information on all events. Are MACSA people in general. Have quarterly  
publication: Ba Shiru - can submit items to them for publication if we have  
anything appropriate.

African Studies Program: have co-sponsored events with us. '72-3 chrmm. Dave Wiley  
is MACSA persnn and many others in program are interested too. They mail  
out a calendar of events. Be sure they are informed in time to include our  
programs.

International Club: have co-sponsored events with us. depends on their leadership  
and internal politics in any given year, how much they will do. Check with  
them & be sure they get publicity of events.

WSA - Wisc. Std. Assoc. - have co-sponsored events with us - depends who they are -  
have had anti-imperialism committee - check them out each time.

Madison Campus Ministry - give us the office free - keep them in touch

MACSA & other organizations (p. 2)

Student Bar Association - co-sponsored S.African lawyers - have black chairman - might especially try to be sure Black Law Stds. grp gets information and is followed up with - also other law stds if can find out who interested

Wisconsin Youth for a Democratic Education - is a high school organizing group for all of Wisconsin - gets information out to over 700 high schools if we ever want that kind of publicity for a campaign or article or something - let us use their mimeograph and office facilities sometimes for newsletter and some of their people help when their own organizing isn't too pressing Brian Todd has been in touch with them - many of those involved used to be with Walk for Development which no longer exists in Madison

Labor Unions - initial contact made in spring of 1972 about Namibia - if Ray-o-Vac research leads to organizing - should involve the union there in the thinking and deciding - Carolyn Baylies worked on the contacts - Dick Lind interested - postal workers took resolution to their national about Polaroid & ID's Meg Skinner was the one in contact with them - locals at the University should be asked again if there is ever a strike-support type fundraising again - we had timing wrong last time

Churches - Fred Brancel has Methodist contacts. University United Meth. helps in many ways through him & Myron Talcott - use of space, use of mimeo & folding machine if not conflict with church use. of United Meths.

Also Soc. Action Grp. based for state out of Sun Prairie office/is on mailing list and should be urged to be involved with education efforts. May do some things anyway.

Soc. act. grp - United Church of Christ - statewide - is looking over denominations investment portfolio to make recommendations - Gerald Bertsch and Calvin Fischer in Wisconsin Rapids working on it - keep them in touch with any anti-corporate action we initiate for Wisconsin

Episcopal Diocese - committee looking into investments includes Charley Taylor from Madison who has also related to MACSA - keep in touch with him - he keeps raising southern Africa with them & has attended a couple stockholder meetings - he wants to work with a MACSA anti-corp committee

University Catholic Center - contributed a holy day offering in Dec. 1971 and helped with printing - contacted through Fred Kreuziger of their staff - could be asked again for help - and could help set up things with other Catholics across the city - or help get us contacts at Edgewood college & h.s. where we have done nothing. Portuguese territories should especially interest them.

UW Dept. of Portuguese (& Spanish) - Luso-Brazilian Studies - there are usually a few TA's, students, or faculty interested if they can be located. Prof. Leroy dislikes us - we disrupted one of their programs and leafletted others & he sees us as antagonist - he believes in presenting the Portuguese side of things - need to keep track of what they are doing - for troubleshooting activity which helps discover sympathizers to our efforts - they have a mailing list for Luso-Brazilian events which some individual should get on.

Wisconsin Alliance - a natural ally - can help with publicity - can set up own program sometimes with speakers or films we have - we haven't really developed this potential - someone should work at it - Bob Peterson, Tom Grogg, Roney Sorenson at Alliance have all been interested - have state-wide paper, Wisconsin Patriot which could include occasional article - especially if link to Wisconsin is clear

M.P.E.D. - if it still exists, find who current contacts are - have co-sponsored with us Speed Print - we have had a lot of printing done there - he accepts payment on time - Bob Berg is the manager. We have always paid our bills eventually so our credit is good.

St. Francis House - always a possibility for space -

University Y - our office used to be there - check there for lost mail - remember to put up posters there for events - and

Dane County United Nations Association - should be approached - we haven't yet. Brad Mintener (was head Peace Corps in Guinea-Conakry once) is a member and possible contact

## NACSA and other organizations (continued):

United Front - really need to check each year to see what is happening, who is involved, tends to mobilize around particular crisis; continuity difficult; both IFED and PAIO (Madison Anticolonialist Organizations), as well as Third World Unity Movement; check and talk to people at tables in the union - including people at RU and U.S.-China People's Friendship Organization tables.

Outside Madison particularly important contacts are in Milwaukee and Chicago, because it is important to work together if, for example, a major speaker comes from a liberation movement. In Milwaukee we have had a number of contacts, but no group has emerged to work with. The visit of Gil Fernandes last winter was arranged through Bolling Smith, at UWI, who is particularly enthusiastic about supporting PAIOG. In Chicago we are in touch with people at the New World Resource Center (we also get a lot of literature from them). The Africa-focused group associated with New World is ~~South~~ COLANG (Chicago ~~Committee~~ for the Liberation of Angola, Mozambique, and Guiné). Some names of people to contact there include Eileen Hanson, Nancy Freehafer, Mimi Edwards. Ofosu Akyea and Wendile Kuse here in Madison know Chicago and some of the people there. Also in Chicago is a group at Northwestern associated with Dennis Brutus, who has been to Madison several times to help with NACSA or African Lang. and Literature programs.

In New York, the Southern Africa Committee puts out the monthly Southern Africa, Committee for Free Mozambique is a support group for FRELIMO, American Committee on Africa has films, literature available (contact there Dick Leonard), Corporate Information Center does much of the research on investments in Southern Africa, Africa Information Service is a black group working to get out information and analysis on Africa.

In Washington, the Washington office on Africa, sponsored by ACCO and several church groups, focuses on legislation, and is presently trying to get the Byrd amendment repealed (the Byrd amendment permitted the U.S. to break U.N. sanctions on Rhodesia). Often the material they put out is worth summarizing or enclosing in NACSA news.

In Durham, N.C. the Southern Africa Committee (South), associated with the group in New York, will be a research and information center. Tami Hultman and Reed Kramer and two of the people active there. Bill and Ruth Minter will be there for the last part of 1973.

Important to realize that many new organizations and people are getting involved and active on Southern Africa. Among the most important is the Africa Liberation Day Solidarity Committee, a coalition of black groups and individuals which last year, and again this, are sponsoring demonstrations in a number of cities in support of the African liberation struggle. Southern Africa magazine generally has a section on new groups, actions, etc., and it is important to get some idea of what is going on in other parts of the country from reading that and from other sources.

## On keeping informed:

In addition to what comes into the NACSA office, there are several important sources to keep up with, especially for NACSA people who will be speaking to other groups. These include Southern Africa and Facts & Reports (both available in U library periodical room). Another useful source of info on U.S. involvement are the articles by Bruce Oudes in Africa Report, which often expose U.S. collaboration with the white regimes.
