- At a time when U.S. and European multinational corporations are leaving South Africa in large number -
- At a time when the racist South African government suppresses all news coverage of its oppression and internment of children, ministers, church and community leaders, and trade unionists -
- At a time when the U.S. has implemented trade sanctions, and the State of California and City of Oakland and its port have passed divestment ordinances -

SEA-LAND CORPORATION is now soliciting and shipping cargo to and from South Africa
