

What
Would
You
Do
If ...

...

- * **TWO** workers were doing the same job but one was paid ten times more than the other just because of skin color.
- * **The** police formed secret assassination teams whose job it was to kill Union leaders.
- * **Layoffs** by seniority were declared illegal.
- * **The** Government prohibited your Union from representing both Black and White workers.

This is what
Trade Unionists in South Africa
are up against.

If you are Black in South Africa:

- * **You** earn, on the average, \$175/month while Whites earn \$1,000/month.
- * **Your** children have ten times as great a chance of dying in infancy as do White children.
- * **One** out of five of your children will suffer from malnutrition.

In America we can do something.

- ✓ Join SEIU Local 790 Human and Civil Rights Committee's Sister Union Campaign with South African Municipal Workers Union (SAMWU).
- ✓ Donate an hour's pay to SAMWU.
- ✓ Wear a button in solidarity with the workers in South Africa.

**Work an hour
for freedom in South Africa.**

**Yes! I want to work an hour for
freedom in South Africa.**
