A STATEMENT IN SUPPORT
OF THE RUTGERS COALITION FOR TOTAL DIVESTMENT

Friday, April 12, 1985

The Columbia Coalition for a Free South Africa and the hundreds of students, faculty and alumni sitting-out in front of Hamilton Hall express our complete solidarity with our fellow students at Rutgers who are also taking a stand against racism and apartheid in South Africa.

As many people all over world and the United Nations against Apartheid have indicated to us, the world is in our side. At Columbia, we initiated this action (ignited the torch, if you will) with the hope that students like yourselves will pass the torch along. Thank you for continuing the struggle.

Keep the faith, stay the course, let history be the judge and righteousness be your guide.

In Solidarity,

Columbia Coalition for a Free South Africa
